

PRINTRONIX

**That just about sums it up.**

If you have an HP LineJet printer, you've already been working with Printronix. We built them. So when they take our name on October 31, there's not a thing you have to do. Nothing. Nada. Zip. You'll get the same great performance, reliability and service. Just add Printronix to the equation. Call us at **714.368.2357** or look us up at **[www.primtronix.com](http://www.primtronix.com)** for a more formal introduction.
